Legally, what does free mean?

- Free as in freedom
- A work (Image, Score, Record etc.) is free when it is in the ***Public Domain***
 - Legally the term *public domain* is the opposite of *copyright protected*
 - Copyright protection is time limited everywhere
- In German the legal term is ***gemeinfrei***

International Copyright Law

How we handle it

When it is out of copyright protection in Switzerland, we share it:

- 70 years after the author has died

and

50 years after publication

- Creative Commons „by“ or „CC0“ license

Digitizing Process

PUBLIC DOMAIN PROJECT
free music free download free radio

Cleaning

- Very important step
 - Improves recording, reduces clicks

Digitizing

- Recording in 24 bit/192 kHz
- Lossless, license and patent free file format:
 - FLAC

Investigation of copyright status

- Most time consuming task of all:
 - A lot of information is missing on the records and on the Internet
 - Also there is seldom a release date!
 - You have to get information about:
 - Author(s)/Composer(s)
 - Lyricist(s)
 - Music arranger(s), Conductor(s) and Performer(s)

Investigation of copyright status

The screenshot shows the Wikimedia Commons interface. At the top left is the Commons logo and navigation links like 'Main Page', 'Welcome', 'Community portal', and 'Village pump'. A search bar is at the top right. The main content area is titled 'File list' and contains a form to filter files by user (set to 'Pdproject') and items per page (set to 50). Below the form is a table of uploaded files.
